S. No	Reference to the main tender document	Queries raised by the Bidders and Proposed Amendments	Changes/Reply/Decision of IIM Tiruchirappalli
3	Serial No. 3 of Page 3 under Technical Specifications & Page No. 22 and S. No: 3 (Inbuilt Interfaces/ports required in the UTM box)	Inbuilt Interfaces/ports required in the UTM box - HA Port, which should support 600 meter distance between DC & DR. Will the Physical Path within the Campus for which the Fiber Cable is already laid and available be taken care of by the customer now and in future?	The fiber cables are already laid which could be used for the connectivity. However, necessary reconfigurations to be made on the existing WAN switch by the successful bidder according to your requirement.
4	Serial No. 8 of Page 4 under Technical Specifications & Page No. 22 and S. No: 8 (Logs)	Just maintaining the log will not provide any insights into threats or infections in the networks. By integrating logs and correlating them with threat feeds, customers will be able to identify all the unattended security breaches in the network. Log management solutions are not open-source applications. Are there any changes possible?	The Institute may go in for a <b>paid enterprise-level Security information and event management solution in future</b> , and the proposed device should support the integration of the same (Same OEM/Third party OEM). The Institute will verify if the proposed model supports the same.
5	Serial No. 8 of Page 4 under Technical Specifications & Page No. 22 and S. No: 8 (Logs)	The successful vendor should provide an open-source application to maintain at least 180 days' logs along with email alerts. If the vendor provides an on-premise software solution, then the VM will be provided by IIM Tiruchirappalli. We would request the customer to provide Enterprise Linux OS in a VM/Server along with the necessary Storage with NG Syslog Service Enabled to route the logs from the Firewall to this specific VM Server to store the logs as requested	VM will be provided; if needed, Windows server OS could also be provided. The bidder should arrange to get the Linux OS themselves. The successful bidder has to handle the installation and configuration of the OS.
6	IIM Tiruchirappalli will not accept any Chinese/Rebranded Chinese products.		

All the points mentioned in this Corrigendum –I is a part of the refereed tender document.

All other points mentioned in the Tender document other than the above Corrigendum will remain the same.
